#### • Pumps

- **High-Performance 2 x 6.0 BHP Pump System** features two independent winding speeds to maximize efficiency and durability – the most reliable pumps with less moving parts
- **Two XP# 3.0 HP SwimJet Pumps** including 2.5" plumbing and Hi Flow main drains
- **Three Wet Ends with Viton® Pump Seals**
- **150 sq. ft. Bio-Clean™ Filter with Weir Gate:** An easily accessible, reusable filter that provides balanced filtration. This system uses Microban inhibitors to prevent bacteria growth.
- **Exclusive PureCure™ UV Water Sanitization System:** uses the power of natural ultraviolet light to purify spa water; instantly killing bacteria, algae and viruses
- **Eco-friendly PureSilk™ Ozonator:** An automatic and complete water sanitization system minimizes chemical usage, which saves you money and reduces damage to the spa equipment
- **WhisperHot™ 5.5 kW Titanium Flow-Thru Heater:** maximizes operation and runs whisper-quiet at all times
- **Shell-Loc™ Foam Technology with Thermo-Layer™ Cabinet Insulation:** Foam insulation encompasses the entire spa shell in 2 lbs. of foam. Plus a layer of polyurethane makes our products one of the most energy efficient on the market.
- **Standard Bottom Tray:** helps keep the area under the spa protected from rain, dirt and unwanted pests
- **Exclusive Stor-Dry Winterizing Plumbing System:** all lines are plumbed to the drain valve to enable full water drainage and protect the spa from freezing during cold winter months
