STRUCTURAL

Cal Spas GEN II™ Spas are warranted against water loss due to defects in the spa shell for five years from the original date of delivery.

FINISH

Cal Spas GEN II™ Spas are warranted against blistering, cracking, or delaminating of the interior surface of the spa shell for two years from the original date of delivery.

PARTS

Cal Spas GEN II™ Spas™ electrical and electronic components are warranted for two years, specifically: the control system, pumps and air blowers against malfunction due to defects in materials and/or workmanship. Leaking caused by operating pump while dry is specifically excluded from this warranty.

LABOR

Cal Spas GEN II™ Spas™ are warranted for two years covering the cost of labor due to warranty repairs.

CABINET

Cal Spas GEN II™ Spa cabinets are warranted against defects in workmanship or materials for one year from the original date of delivery. Normal wear and weathering of the finish will occur naturally over time and are not defects.

SPECIFICATIONS & FEATURES

- **Seating:** 6 person
- **Dimensions:** 84"W x 84"D x 36"H
- **Weight:** 800 lbs. (dry) / 4340 lbs (filled)
- **Water Capacity:** 425 gallons
- **Operating Voltage:** 110V/240V
- **Convenient "Plug & Play" Kit:** All standard GEN-II™ Spas operate off a standard 110V outlet. Simply set it up, fill it up and plug it in.
- **Exclusive Stainless Steel Candy Cane™ Jets:** Adjustable On/Off design. These jets are carefully placed along the lines of the body, allowing you to massage away stress while comfortably leaning back in the luxuriously-designed seating, delivering the highest quality hydrotherapy and relaxation experience available.
- **Whisper Power Unit™ Equipment with Digital Top Side:** An intuitive electronic spa control system designed to easily adjust the settings of the spa to meet your therapeutic needs.
- **Dedicated Lounger Seat:** Ergonomically designed and sculptured to cradle your body with strategically placed hydrotherapy jets that provide the ultimate full body massage.
- **Blue LED Spa Light:** Each spa is equipped with a beautiful Blue LED Spa Light to help illuminate your hot tub. LED lighting is the most energy efficient, cleanest and most eco-friendly way to provide spa lighting.
- **HD Power Frame Pump:** Our 2.0 BHP high-performance pump efficiently circulates and filters spa water while using less energy when compared to a two pump system.
- **Fibersteel™ Construction:** Patented 7 layer laminate system reinforced with steel and wood creates one of the strongest shells in the world.
- **Cal Preferred™ Cabinet Panels:** The cabinet is an integral part of the construction of the spa. Each cabinet is designed to provide maximum support for every spa and can be styled to match your favorite shell color with smoke colored cabinet panels.

- **WhisperHot™ Convertible 1.2kW/5.5 kW Heater:** Spa heater can be converted from a 1.2kW plug and play heater to 5.5 kW heater adapting to the power voltage based on the spa pump's electrical requirements.
- **Shell-Loc™ Foam Thermo-Layer +™ Blanket:** An energy efficient solution for encapsulating residual heat generated while spa is in use. Combining a high density foam layer to the bottom of the shell, wrapped with a thermo-blanket surround, reflects radiant heat and adds a barrier which prevents air from escaping.
- **Hydro-Armor Spa Cover:** A 4"- 2-1/2" insulated cover with 1.5 lb density foam core provides enhanced heat retention and adds an extra layer of thermal insulation.
- **Bottom Armor ABS Shield:** Seals out cold air and moisture and retains valuable heat.
- **50 Sq. Ft. Filter with Weir Gate:** This easy to access, reusable filter provides balanced filtration and prevents debris from re-entering your spa.
- **UL Listed:** All Cal Spas hot tubs are completely UL certified and UL Listed to meet and exceed all standards of compliance.

OPTIONAL FEATURES

- **1 x 5.0 BHP 240V HD Power Frame Pump** (Replaces 2BHP 110V standard pump and eliminates 110 GFCI plug and play Cord. Requires 240V electrical installation). Motors are equipped with larger bearings and produce more torque. Runs cooler and lasts longer.
- **Waterfall Feature** Your choice of a Cascading Waterfall or Hydrostreamers on selected models.
- **Pure Silk™ Ozonator** Instantly kills bacteria and viruses when ozone is introduced into the spa water, greatly reducing chemical usage.
- **Thermo-Guard™ Full Foam Insulation** (Replaces Shell-Loc Foam with Thermo-Layer Blanket). Our high density Thermo-Guard™ full foam insulation locks all plumbing firmly in place and offers the highest heat retention.
